ABOUT

I'm Eliphalet Read, a highly motivated student from NSCC In the IT Programming program. I have skills in programming, databasing, networking and operating systems. I pride myself on my teamwork, reliability, and productivity in my work and I'm not afraid to have a little fun!

EDUCATION

IT PROGRAMMING

NSCC Institute of Technology | Halifax | 2019 - Current
Python, SQL, MySQL, SQLite, MariaDB, HTML, CSS and Java Script

EXPERIENCE

CRIB ATTENDANT/TEAM LEADER

Rockwell | Michelin Bridgewater | 2017 - 2019

I was the youngest full-time hire in history for Rockwell in Bridgewater. I lead in projects with up to 5 other people where I dealt with up to 3 million dollars worth of products and other people internationally.

SIDE PROJECTS

Python

I have used Python to creating multiple programs on the side for an open source community including Discord bots and applications inside of pre-existing software.

SCHOOL PROJECTS

Programming| NSCC IT Halifax | 2019-2020

Throughout my courses I have experienced a lot of hands on projects. I have creating many webpages, python and java programs with GUI as well as databases using various databasing languages. With these projects I have never made a mark below class average.
